

A SOFT PLACE TO LAND

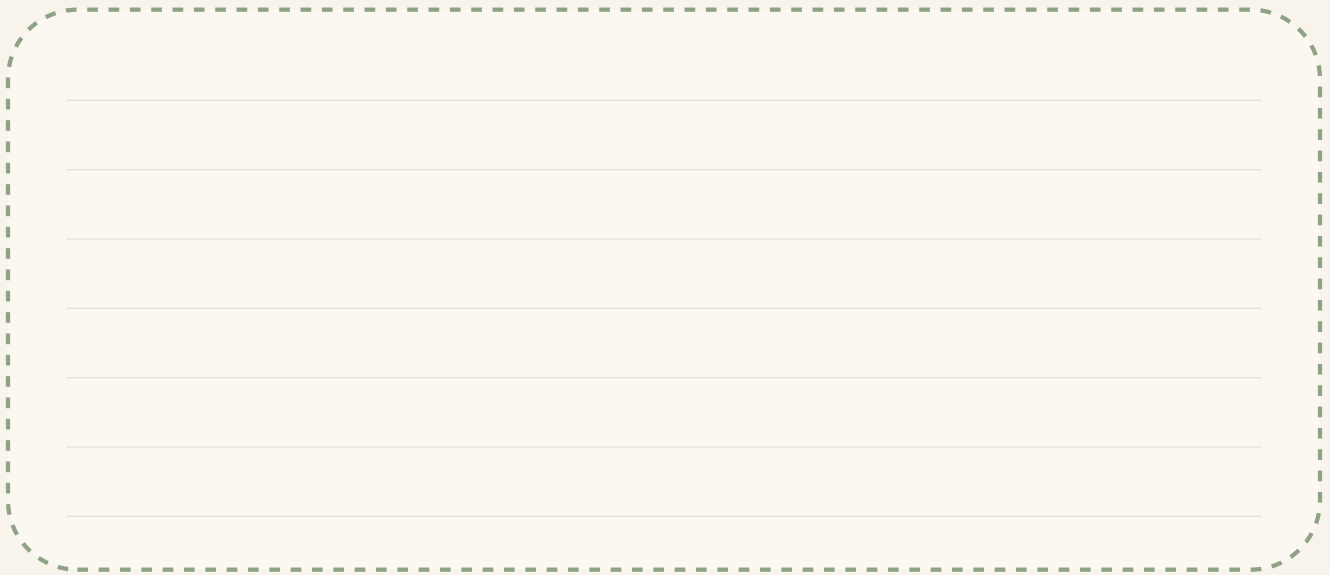

Brain Dump

No structure to follow, nothing to get right. Just let it out.

LET IT ALL OUT

Everything, all at once

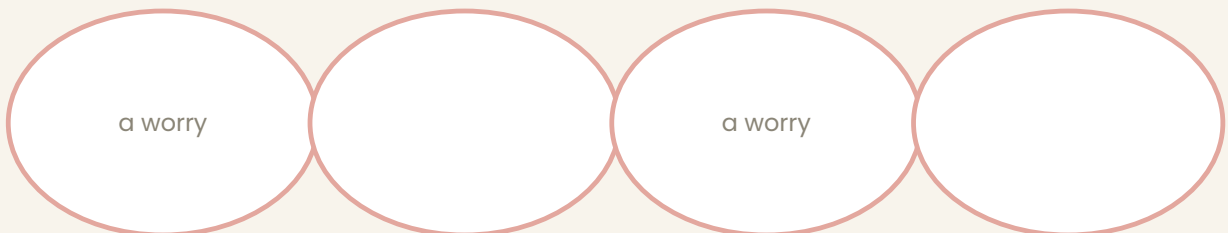

Whatever's swirling around up there — write it, don't sort it.

WHAT'S WEIGHING ON ME

Worry bubbles

Pop each one in. You don't have to solve them right now.

READY TO RELEASE

Things I can set down

Not everything needs to be carried today.

something to let go of...

something to let go of...

something to let go of...

something to let go of...

SMALL GOOD THINGS

Tiny wins & gratitude

Even a small spark counts.

a win, big or small

something good

grateful for...

BEFORE YOU CLOSE THIS

One small next step

Not a to-do list. Just one thing, if you want one.

you emptied your mind a little today
